# Technical Data Sheet

## Protocol K-750

Foaming Hand Soap

Product # K-750

### Product Information:

This exceptionally mild hand soap was designed for use in foaming hand soap dispensers. It uses ultra mild, readily biodegradable cleaners that are tough on dirt, but mild on skin. Protocol K-750 is not formulated with dyes, fragrances or preservatives that can irritate sensitive skin. For specific use in food plants, see directions.

### Product Information:

Pour product directly into bulk fill reservoir. This product is designed for foaming hand soap dispensers only. Do not use this product in traditional lotion style dispensers. All food contact surfaces must be rinsed with potable water before reuse. Food handlers must rinse hands with potable water before handling food.
