Technical Data Sheet

Protocol K-760

Hand Soap

Product # K-760

Product Information:

This exceptionally mild hand soap was designed for use in lotion hand soap dispensers. It uses ultra mild, readily biodegradable cleaners that are tough on dirt, but mild on skin. Protocol K-760 is not formulated with dyes, fragrances or preservatives that can irritate sensitive skin. For specific use in food plants, see directions.

Product Information:

Pour product directly into bulk fill reservoir. This product is designed for lotion hand soap dispensers only. Do not use this product in foaming hand soap style dispensers. All food contact surfaces must be rinsed with potable water before reuse. Food handlers must rinse hands with potable water before handling food.

Green Certification

Product Specifications:

State:	Liquid
Colour:	Colourless
Scent:	Odourless
